<p>Results Are Used</p>	<p>Results for each outcome may or may not be collected. They are not discussed among implement changes. They</p>			<p>may collaborate with others, such as librarians or Student Affairs professionals, to improve results. Follow-up studies confirm that changes have improved learning.</p>
<p>The Student Experience</p>	<p>Students know little or nothing about the purpose of the capstone or outcomes to be assessed. It is just another course or requirement.</p>	<p>Students</p>		

Guidelines for Using the Capstone Rubric

A capstone is a culminating course or experience that requires review, synthesis and application of what
